Young Carers Charter

We are children and young people who are also carers. We believe we should have the same rights as other children and young people, including the rights to:

- Be children as well as carers
 - Schools that give us the help we need to get an education
 - Fun, friends and time off from caring
 - Family life with well-supported parents
 - Practical help and support so that we don't have to do all of the caring in our homes
- A safe environment and protection from harm
- Services that value all our differences
- Be listened to and supported by the people who support our families
- An assessment of what we need as individuals
 - Be listened to and involved when people make decisions which affect our lives
 - Information about the problems that we see our family members experiencing
- Move on and become independent adults
